

# WORK COLLEGES CONSORTIUM

## 2019 FACULTY & STAFF GRANT GUIDELINES

The **Work Colleges Consortium** (WCC) is offering up to a total of nine individual and collaborative grants to faculty members and/or staff who undertake an experiential, creative, and/or scholarly/research project. Grant projects should enhance the learning environment, support learning outcomes and student development, and promote a model to other educators.

The grants are being offered to help strengthen the integration and relationship of work-learning on our campuses while also supporting the mission of the Consortium. Grants will support and encourage faculty and/or staff engagement in the area of work-learning. A total of nine \$3,000 awards (one per campus and one at-large) are available to support summer and academic year projects. In the event that a school does not submit a grant application or the application is not accepted by the committee, the award may be redirected to the next qualified applicant.

### ELIGIBILITY

Must be continuing full time faculty and/or staff currently employed at one of the eight schools in the Work Colleges Consortium. Individuals may only have one active/open grant from the WCC.

### TO APPLY

Provide a project abstract and rationale (250 words) and a narrative summary of no more than three pages (1,500 words) describing how the award will be used.

The narrative summary must include:

- A rationale of the project and a summary of the procedure
- An indication of how the project will incorporate and promote the integration of work and learning
- An explanation of how the project incorporates student involvement and the role of the student(s) in the project
- An explanation of how the project will benefit you, your department and/or your institution
- An explanation of how the project will serve as a model to others
- An explanation of how the project will have a broader campus impact or significance
- A list of project goals and objectives and how they will be assessed or measured

# WORK COLLEGES CONSORTIUM

- How you will incorporate and assess student learning outcomes
- How you intend to disseminate the information both internally and externally

## LETTERS OF SUPPORT

Please provide letters of support from both your Academic Dean and Work Dean.

## BUDGET AND JUSTIFICATION

Please provide a line item budget that includes a justification of how the items support the project goals. Funding is available for a variety of project costs including:

- Acquisition of project materials
- Editorial support
- Travel (costs as they relate to presenting at conferences, etc.)
- Stipends
- And other costs relevant to the project

*Note: Grant funding will be awarded in two installments. The initial installment will be provided within three weeks of approval, with the remaining amount paid upon completion of the post project report. For example: If a \$3,000 grant is awarded, \$2,500 will be paid in the first installment and the remaining \$500 paid upon project completion.*

## TIMELINE

Implementation should be completed within 18 months of the start date. An additional 5 months is allowed for presentation to an external audience. The entire project must be completed within 23 months.

Provide a general timeline for the expected length of the project, including the projected roles and responsibilities of others involved in the project, when you expect to begin, and when you expect to complete the project.

# WORK COLLEGES CONSORTIUM

## PROPOSAL EVALUATION

The proposals will be reviewed and evaluated by a committee comprised of a representative from each member of the Work Colleges Consortium. Proposals will be evaluated using the attached rubric, which is included for reference only. However, the committee reserves the right to make final decisions on grant awards. The committee will decide to “accept”, “revise” or “reject” a proposal. If the committee decides that a proposal should be revised, the revisions should be completed within 30 days of notification. The committee will then re-evaluate the revised grant application and either “accept” or “reject” the proposal.

## PROJECT REQUIREMENTS AND FOLLOW UP

You will be required to complete the following:

- Submit a post project report (see attached)
- Submit a project abstract or summary (300 to 400 words) with photographs or other visual documentation to be posted on the WCC website
- Presentation on-campus to faculty, staff, and/or students
- Presentation to an external audience (e.g., conference presentation, publication)

The final award payment will be provided after these items are submitted to the WCC office.

If the award recipient does not complete the project, leaves the school before grant completion, or does not submit a post project report, a letter of explanation must be provided to the WCC and the award recipient must (1) transfer responsibility for grant completion to another individual at the school or (2) return the funds to the WCC office.

## POST PROJECT REPORT

Post project report should be submitted within 30 days upon completion of your presentation.

Submission of this report is required to receive your last payment. Please answer the following questions on a separate word document and submit electronically to [robin@workcolleges.org](mailto:robin@workcolleges.org).

1. Did you meet the goals and objectives in your project proposal?
2. What have you learned?
3. Who else was engaged in your project?
4. Please provide relevant documentation on how your project was shared with an outside audience (conference brochure, copy of article or publication, etc).
5. Please provide direct and indirect evidence that supports and indicates the integration of work and learning.
6. Please provide an accounting (original receipts and invoices) of how grant funds were used.
7. Attach appropriate documentation.
8. Were there any significant modifications made to the project? If so, please describe.
9. Were any post-presentation/post-publication inquiries received (either to you as the presenter or author or to your institution)? Please elaborate.
10. Are there any next steps from this project?

## COMMENTS AND REVIEW OF GRANT PROCESS

1. Do you have any comments and /or suggestions about the application and submission process?
2. Was the communication from the WCC regarding the process clear?
3. Did you encounter any glitches?
4. Other Comments
